

Supported Holidays

SERVICE PROVIDERS

Welcome to Supported Holidays Turkey my name is Mick McSherry and I started my career in the support sector as a support worker for adults with special needs. I then became a team leader and progressed to senior support worker supervising a team of support workers to look after ten special needs service users in the community.

One of my most enjoyable duties was helping organize and accompany service users on day trips and holidays.

I know how stressful and tiring working 24/7 with someone can be. This is why we offer support not only to the service users but also support staff.

The package we are offering is designed not just to help your service user but hopefully also enhance your service. It will enable your staff to have free time so they can relax and enjoy themselves. This will make it less stressful for the support worker and they will come back feeling refreshed and wont need to take time off to recover from all work and no play.

Your service user will have a holiday to remember at a price they can afford. They can keep in touch with loved ones by e-mail and web-cam at no extra cost.

VILLA ALEXANDER

Email mick_villaalexander@yahoo.com

Our villa is a ten minute walk into the resort of Altinkum (which means golden sands) and 7 minutes walk from nearest beach.

The lower level of the villa has an apartment suitable to sleep up to 3 persons and is ideal for a self catering holiday for ambulant guests. It has microwave + grill, toaster, kettle, hob and fridge + washing machine. The apartment consists of 1 large bedroom with 2 single beds, large bathroom with big bath and with overhead shower, very spacious lounge with sofa bed and separate kitchen-diner.

We live on the upper levels, enabling our guests to holiday in private with immediate on hand support.

Our apartment is FREE of charge as long as you have a minimum 20 hrs support per week and subject to availability.

Supported Holidays

If you're a carer/support worker and are thinking of booking a holiday to Turkey we would like to help you if we can.

We can source accommodation for you or check that the accommodation is suitable for your clients needs. This is a Free service.

Our aim is to help support the client and their carer/support worker while they are on holiday here in Altinkum. How can we do that, by offering a minimum 20 hrs per wk support package. Our staff like me have all been trained and worked in U.K with special needs adults. We will work with the client giving the carer/support worker much needed time off, so that they can relax and charge their batteries.

Please contact Mick for further information and cost.
